Product Manager | Data & Market Analytics | Financial Services

Chennai, Tamil Nadu, India | +91 94488 00299 | samsm@outlook.in

linkedin.com/in/sameersm | github.com/cercit | cercit.github.io/me

PROFESSIONAL SUMMARY

Product-minded operations and analytics professional with 12 years at Sundaram Finance, a leading Indian NBFC, spanning auto finance, working capital lending, and national market analytics. Owns the end-to-end enquiry lifecycle across a nationwide branch network and converts India's vehicle-registration data into OEM market-share intelligence that senior management acts on. Launched a 0-to-1 lending product that opened a net-new customer segment and beat budgeted targets every quarter. Currently completing Product Management with Applied AI at iHUB DivyaSampark, IIT Roorkee. Seeking a Product Manager role in fintech, automotive data, or B2B data products.

CORE COMPETENCIES

Product Management · Product Lifecycle Management · Go-to-Market (GTM) Strategy · 0-to-1 Product Launch · Product Discovery · Requirements Gathering · Roadmap Prioritisation · Stakeholder Management · Cross-Functional Collaboration · Data-Driven Decision Making · KPI Definition and Tracking · Business Intelligence and Dashboarding · Market and Competitive Analysis · Customer Segmentation · User Research and Field Discovery · Process Automation and Workflow Optimisation · Team Leadership and Training · Customer Relationship Management · Portfolio Growth · Risk and Regulatory Compliance · Change Management · Channel Partner Enablement

TECHNICAL SKILLS

Analytics and BI: Power BI, Advanced Excel (Power Query, pivot modelling), PowerPoint

Data and Query: SQL, MySQL (DML), Pandas

Programming and Automation: Python, Power Automate Desktop, Playwright, ReportLab

Domain: NBFC and Auto Finance, Vehicle Registration (Vahan / SIAM) Data, Working Capital Finance, Applied AI for Product

PROFESSIONAL EXPERIENCE

SUNDARAM FINANCE LIMITED | Non-Banking Financial Company (NBFC) | 12 years

Deputy Manager, Auto — National Retail Team

Chennai | April 2024 – Present

- Own the national end-to-end enquiry and lead lifecycle across India's branch network, tracking where leads enter, progress, and drop off to isolate where conversion breaks and why.
- Translate Vahan vehicle-registration data into OEM and segment market-share analysis covering 36 states and union territories, surfacing share shifts before they appear in branch reporting.
- Built leading-indicator dashboards in Power BI and Advanced Excel tracking Associate and Field Officer productivity, replacing lagging monthly reports and driving management action on bottlenecked processes.
- Consolidated fragmented automation scripts into standardised, reusable workflows adopted by cross-functional teams, reducing manual processing time by 20–25%.
- Align corporate leadership, regional sales forces, and external dealer networks against national targets; conduct periodic branch visits to validate reported data against field reality.
- Contribute to enterprise innovation through the internal Idea Olympics platform.

Deputy Manager, Customer Relations — Working Capital Finance

North Karnataka (based in Bellary) | April 2022 – March 2024

- Launched Bulk Diesel Finance, a 0-to-1 scheme and the first of its kind in the region, opening a net-new customer category of fleet operators and bulk diesel buyers across the branch network.
- Exceeded budgeted targets every quarter, scaling a high-trust B2B portfolio to INR 10–11 crore in monthly disbursement.
- Ran go-to-market end to end: customer segmentation, scheme design input, branch staff enablement, and regional field rollout.
- Converted external oil-company officials and branch teams into active channel partners through structured product education, closing the gap between product intent and field execution.
- Tracked branch-level pipeline performance to identify stalling early and direct field effort where it converted.

Branch Accountant

Bijapur, Karnataka | August 2015 – March 2022

Promoted from Cashier in April 2017.

- Managed accounts payable and receivable, NPA tracking, and loan movement monitoring across the branch portfolio.
- Designed and ran a remote KYC and field-investigation protocol over video during COVID-19 lockdowns, sustaining loan origination when in-person operations stopped.
- Drove customer migration from cash to digital repayment channels during a period of significant behaviour change, lifting digital collection adoption by 30–40%.
- Executed GECL restructurings for idle-vehicle borrowers and recovered NPA accounts through targeted in-branch customer education camps.
- Coordinated repossession and asset-sale processes and issued regulatory notices in line with compliance requirements.

Customer Support Executive

Shahpur | August 2014 – August 2015

- Assessed customer creditworthiness and managed end-to-end loan processing.
- Coordinated with compliance and internal audit teams, establishing process rigour as a design requirement rather than a constraint.

SELECTED PROJECTS

Vahan Market-Share Intelligence | Power BI, Python, MySQL

Business-intelligence layer over India's vehicle-registration data that reads OEM and segment share and flags market shifts early enough for senior management to act. Internal Sundaram Finance tool.

Automated OEM Report Engine | Python, ReportLab, Pandas

Scheduled reporting pipeline converting raw registration exports into board-ready reports with heatmaps, log-scale OEM comparisons, and year-on-year growth annotations, replacing manual preparation.

Vahan OEM Scraper | Python, Playwright (async)

State-wise vehicle-registration scraper running 12-core concurrency across Cars, LGPV, and 3W segments nationwide; the data-ingestion layer behind the analytics above.

NIFTY Options Trading Bot | Python, Groww API

Breakout-strategy trading system built as a state machine around the 9:15–9:45 market opening range.

EDUCATION

Certification, Product Management with Applied AI

iHUB DivyaSampark, IIT Roorkee | May 2026 – Jan 2027

Master of Business Administration (MBA), Finance

KLE's IMSR, Hubli | 2012 – 2014

Bachelor of Commerce (B.Com.)

Karnataka Arts and Commerce College, Dharwad | 2009 – 2012
